JURISDICTION OF THE COMMITTEE

A. RULE XXV, RULES OF THE SENATE: STANDING COMMITTEES.

1. The following standing committees shall be appointed at the commencement of each Congress with leave to report by bill or otherwise:

* * * * * * *

(c)(1) Committee on the Budget, to which committee shall be referred all concurrent resolutions on the budget (as defined in sec. 3(a)(4) of the Congressional Budget Act of 1974) and all other matters required to be referred to that committee under titles III and IV of that Act, and messages, petitions, memorials, and other matters relating thereto.

(2) Such committee shall have the duty—

(A) to report the matters required to be reported to it under titles III and IV of the Congressional Budget Act of 1974;

(B) to make continuing studies of the effect on budget outlays of relevant existing and proposed legislation and to report the results of such studies to the Senate on a recurring basis;

(C) to request and evaluate continuing studies of tax expenditures, to devise methods of coordinating tax expenditures, policies, and programs with direct budget outlays, and to report the results of such studies to the Senate on a recurring basis; and

(D) to review, on a continuing basis, the conduct by the Congressional Budget Office of its functions and duties.

B. REFERRAL OF IMPOUNDMENT LEGISLATION. The Senate requires joint referral to the Budget, Appropriations, and appropriate authorizing committees of all special messages from the President on recommended rescissions and deferrals and joint referral to the Budget and Appropriations Committees of all bills and resolutions introduced with respect to such messages. The following resolution appears on page S1280 and was adopted by reference at page S1302 of the *Congressional Record* of January 30, 1975.

S. RES. 45

Resolved,

1. That messages received pursuant to title X of the Congressional Budget and Impoundment Control Act be referred concurrently to the Appropriations Committee, to the Budget Committee, and to any other appropriate authorizing committee.

2. That bills and resolutions introduced with respect to such messages shall be referred to the Appropriations Committee, the Budget Committee, and pending implementation of sec. 401 of the Congressional Budget and Impoundment Control Act and subject to sec. 401(d), to any other committee exercising jurisdiction over contract and borrowing authority programs as defined by sec. 401(c)(2) (A) and (B). The Budget Committee and such other committees shall report their views, if any, to the Appropriations Committee within 20 days following referral of such messages, bills, or resolutions. The Budget Committee's consideration shall extend only to macroeconomic implications, impact on priorities and aggregate spending levels, and the legality of the President's use of the deferral and rescission mechanism under title X. The Appropriations and authorizing committees shall exercise their normal responsibilities over programs and priorities.

3. If any committee to which a bill or resolution has been referred recommends its passage, the Appropriations Committee shall report that bill or resolution together with its views and reports of the Budget and any appropriate authorizing committees to the Senate within:

A. the time remaining under the act in the case of rescissions, or

B. within 20 days in the case of deferrals.

4. The 20-day period referred to herein means 20 calendar days; and for the purposes of computing the 20 days, recesses or adjournments of the Senate for more than 3 days to a day certain shall not be counted; and for recesses and adjournments of more than 30 calendar days, continuous duration or the sine die adjournment of a session, the 20-day period shall begin anew on the day following the reconvening of the Senate.

C. REFERRAL OF BUDGET-RELATED LEGISLATION. The Senate requires joint referral to the Budget and Governmental Affairs Committees of all legislation to change or modify the budget and impoundment control process. The following order was adopted at page S13553 of the *Congressional Record* of August 4, 1977.

Legislation affecting the congressional budget process, as described below, [must] be referred jointly to the Committees on the Budget and on Governmental Affairs. If one committee acts to report a jointly referred measure, the other must act within 30 calendar days of continuous possession,* or be automatically discharged.

Legislative proposals affecting the congressional budget process to which this order applies are:

First. The functions, duties, and powers of the Budget Committee—as described in title I of the act;

Second. The functions, duties, and powers of the Congressional Budget Office—as described in titles II and IV of the act;

* So in original. Probably should be "session."

JURISDICTION OF THE COMMITTEE—Continued

Third. The process by which Congress annually establishes the appropriate levels of budget authority, outlays, revenues, deficits or surpluses, and public debt—including subdivisions thereof. That process includes the establishment of: mandatory ceilings on spending and appropriations; a floor on revenues; timetables for congressional action on concurrent resolutions, on the reporting of authorization bills, and on the enactment of appropriation bills; and enforcement mechanisms for the limits and timetables, all as described in titles III and IV of the act;

Fourth. The limiting of backdoor spending devices—as described in title IV of the act;

Fifth. The timetables for Presidential submission of appropriations and authorization requests—as described in title VI of the act;

Sixth. The definitions of what constitutes impoundment—such as "rescissions" and "deferrals," as provided in the Impoundment Control Act, title X;

Seventh. The process and determination by which impoundments must be reported to and considered by Congress—as provided in the Impoundment Control Act, title X;

Eighth. The mechanisms to insure Executive compliance with the provisions of the Impoundment Control Act, title X—such as GAO review and law suits; and

Ninth. The provisions which affect the content or determination of amounts included in or excluded from the congressional budget or the calculation of such amounts, including the definition of terms provided by the Budget Act—as set forth in title I thereof.

RULES OF THE COMMITTEE ON THE BUDGET

NINETY-EIGHTH CONGRESS

I. MEETINGS

(1) The committee shall hold its regular meeting on the first Thursday of each month. Additional meetings may be called by the chairman as he deems necessary to expedite committee business.

(2) Each meeting of the Committee on the Budget of the Senate, including meetings to conduct hearings, shall be open to the public, except that a portion or portions of any such meeting may be closed to the public if the committee determines by record vote in open session of a majority of the members of the committee present that the matters to be discussed or the testimony to be taken at such portion or portions—

(*a*) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(*b*) will relate solely to matters of the committee staff personnel or internal staff management or procedure;

(*c*) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy, or will represent a clearly unwarranted invasion of the privacy of an individual;

(*d*) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement; or

(*e*) will disclose information relating to the trade secrets or financial or commercial information pertaining specifically to a given person if—

(1) an act of Congress requires the information to be kept confidential by Government officers and employees; or

(2) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person.

II. QUORUMS

(1) Except as provided in paragraphs (2) and (3) of this section, a quorum for the transaction of committee business shall consist of not less than one-third of the membership of the entire committee: *Provided*, That proxies shall not be counted in making a quorum.

(2) A majority of the committee shall constitute a quorum for reporting budget resolutions, legislative measures or recommendations. *Provided*, That proxies shall not be counted in making a quorum.

(3) For the purpose of taking sworn or unsworn testimony, a quorum of the committee shall consist of one Senator.

III. PROXIES

When a record vote is taken in the committee on any bill, resolution, amendment, or any other question, a quorum being present, a member who is unable to attend the meeting may vote by proxy if the absent member has been informed of the matter on which the vote is being recorded and has affirmatively requested to be so recorded; except that no member may vote by proxy during the deliberations on budget resolutions.

IV. HEARINGS AND HEARING PROCEDURES

(1) The committee shall make public announcement of the date, place, time, and subject matter of any hearing to be conducted on any measure or matter at least 1 week in advance of such hearing, unless the chairman and ranking minority member determine that there is good cause to begin such hearing at an earlier date.

(2) A witness appearing before the committee shall file a written statement of his proposed testimony at least 1 day prior to his appearance, unless the requirement is waived by the chairman and the ranking minority member, following their determination that there is good cause for the failure of compliance.

V. COMMITTEE REPORTS

(1) When the committee has ordered a measure or recommendation reported, following final action, the report thereon shall be filed in the Senate at the earliest practicable time.

(2) A member of the committee who gives notice of his intention to file supplemental, minority, or additional views at the time of final committee approval of a measure or matter, shall be entitled to not less than 3 calendar days in which to file such views, in writing, with the chief clerk of the committee. Such views shall then be included in the committee report and printed in the same volume, as a part thereof, and their inclusion shall be noted on the cover of the report. In the absence of timely notice, the committee report may be filed and printed immediately without such views.
